

Appendix 1 - Curriculum Map

- *At our School, knowledge matters just as much as the skills we are seeking to develop in our pupils.*
- *This Curriculum Map is a summary overview of our Schemes of Work. The material in it is regularly scrutinised to ensure it remains fit for purpose.*
- *There is a strong emphasis on **richness** of content, **relevance** of material and great **rigour** in the teaching and learning of this material.*

We recognise that Schemes of Work should be tensile as well as robust. We consider ours as living documents, which are sufficiently challenging and demanding in their scope and vision for all our pupils, regardless of their ability. They are also agile enough, as are we, to adapt to all pupils' developing needs as we see them emerging over time.
